Step 5

See NET INSTALLATION below.

NET INSTALLATION

Quick Fasteners should be used to secure the net at front corners, top and bottom.

Net can be secured to Part A with Quick Fastener or by use of Pocket Net (if available with this model).

Lacing Cord should be woven through net and around tubing for permanent netting.

Goal is made of Heavy Duty Steel. Weathering may occur.

WARNING

- Metal may have burrs.
- **Never climb on the goal.**
- **ANCHORING** goal with sandbags is recommended.
